

# SACRED MOMENTS

The image shows three Hindu deities, likely Lord Venkateswara and his consorts, standing in a highly ornate, golden shrine. The deities are adorned with elaborate golden jewelry, including crowns, necklaces, and armlets. They are heavily decorated with garlands of yellow and red flowers. The central deity is holding a mace (gada) in one hand and a conch shell (shankha) in the other. The shrine is intricately carved with golden patterns and features a large, multi-tiered archway (prabhavali) behind the deities. The background is filled with golden carvings and floral decorations, creating a rich and sacred atmosphere.
