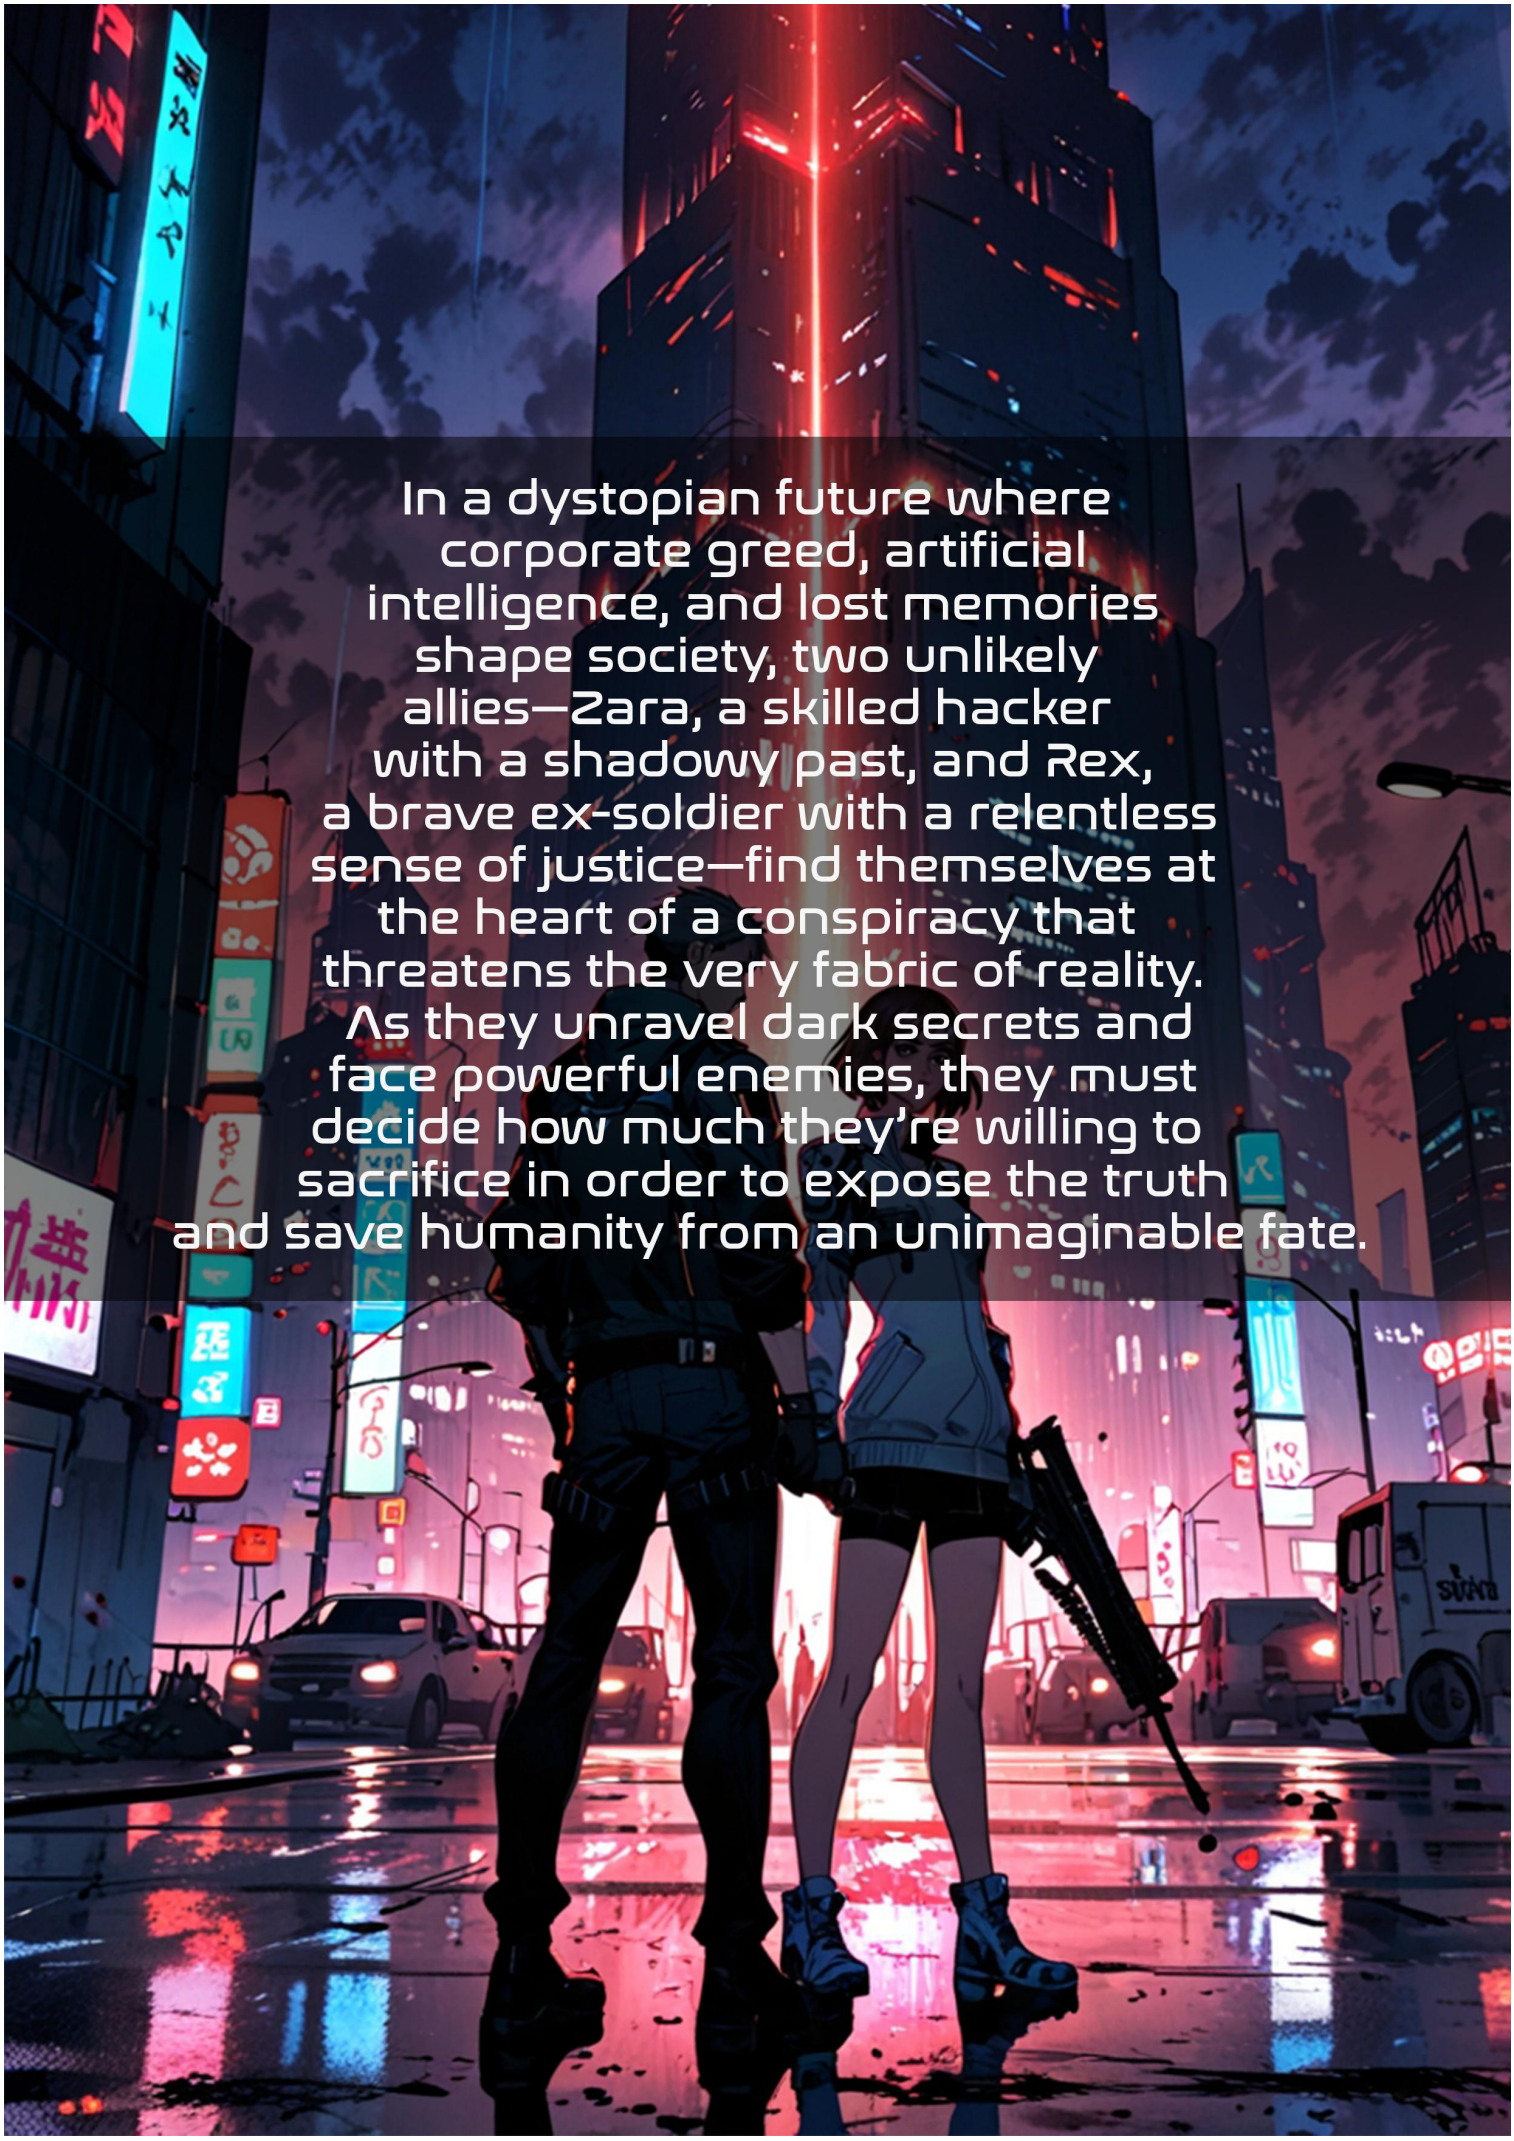
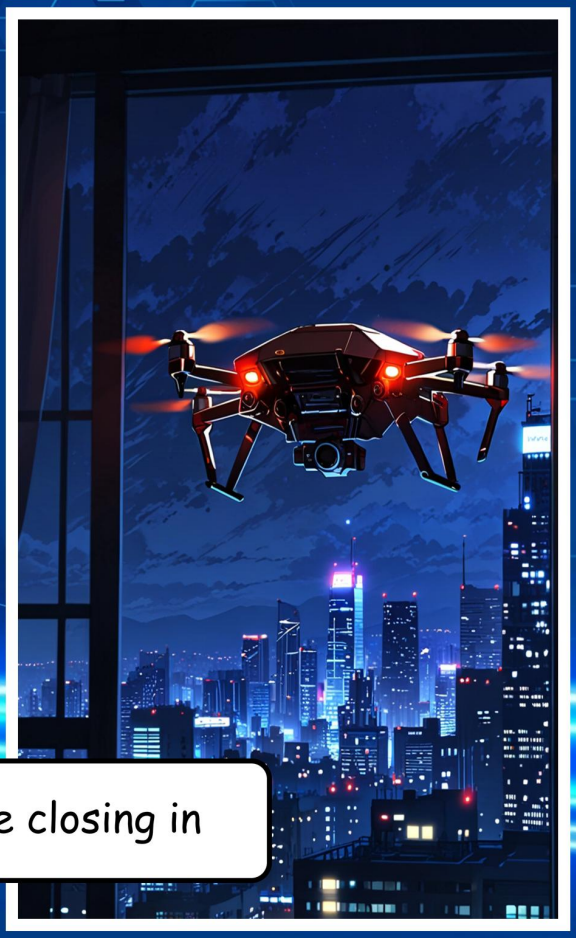
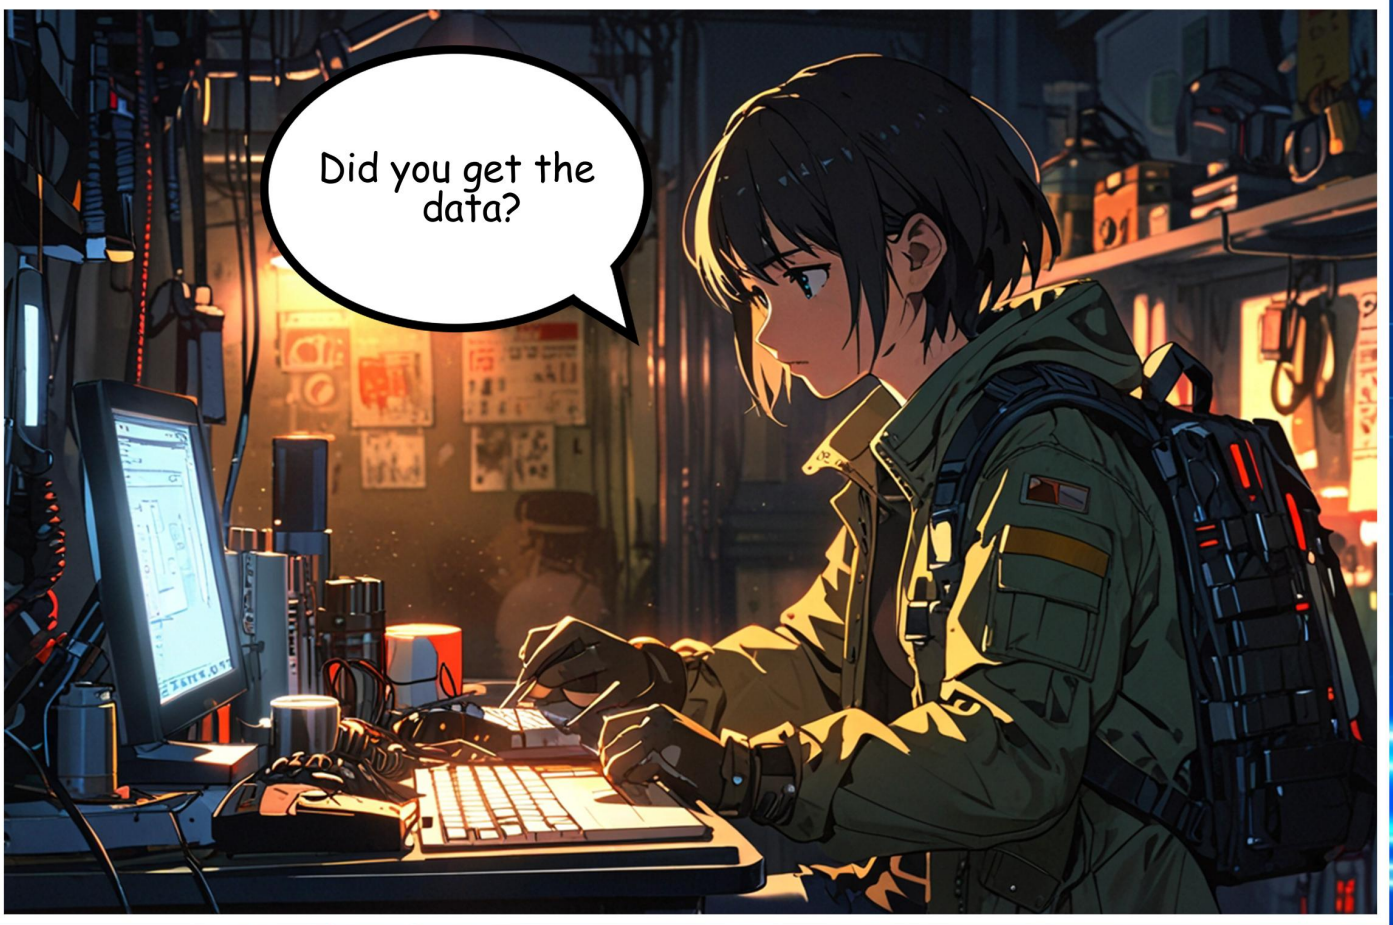
ECHOES
OF
TOMORROW
In a future where memories are controlled, two rebels fight to uncover the truth



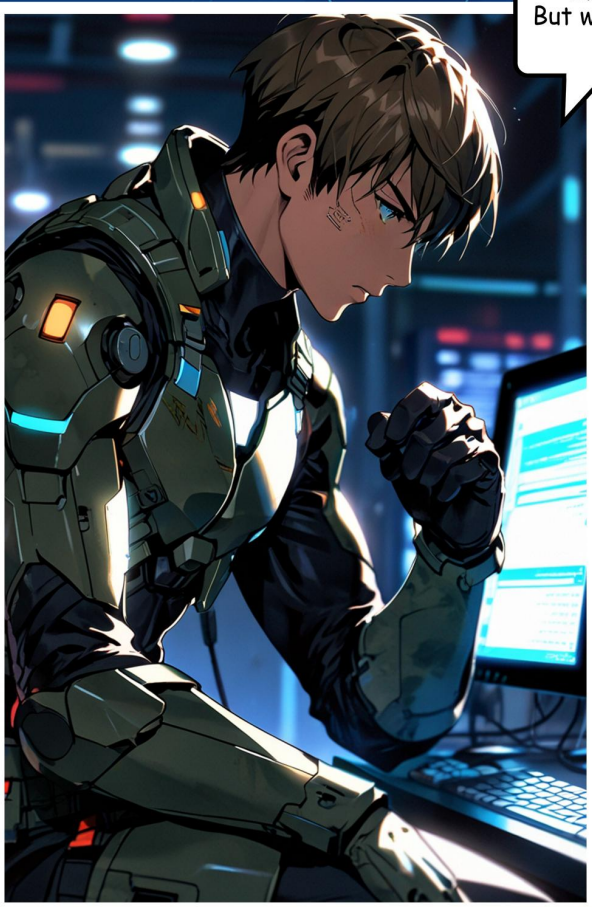
In a dystopian future where corporate greed, artificial intelligence, and lost memories shape society, two unlikely allies—Zara, a skilled hacker with a shadowy past, and Rex, a brave ex-soldier with a relentless sense of justice—find themselves at the heart of a conspiracy that threatens the very fabric of reality. As they unravel dark secrets and face powerful enemies, they must decide how much they're willing to sacrifice in order to expose the truth and save humanity from an unimaginable fate.



They're closing in

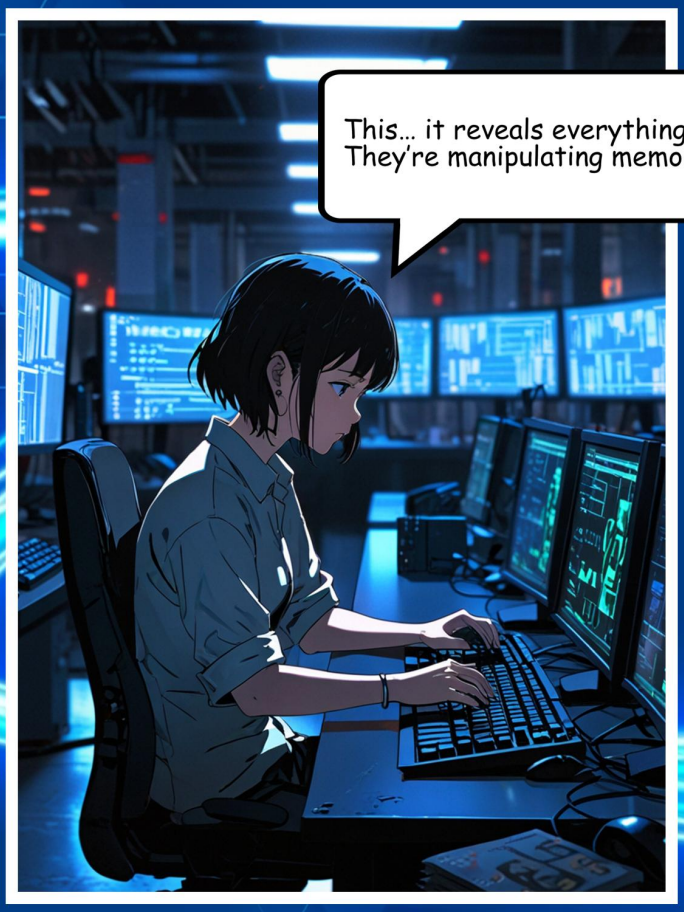


Did you get the data?



It's all here.
But we're not safe yet

Time to go



This... it reveals everything.
They're manipulating memories

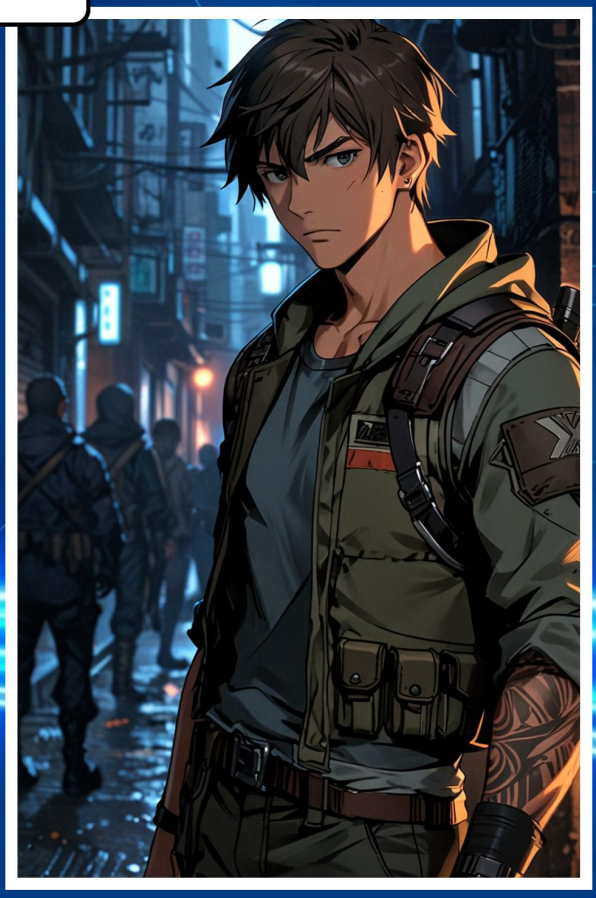
The Nexus Corporation

We have to expose them

It's risky
They'll come after us

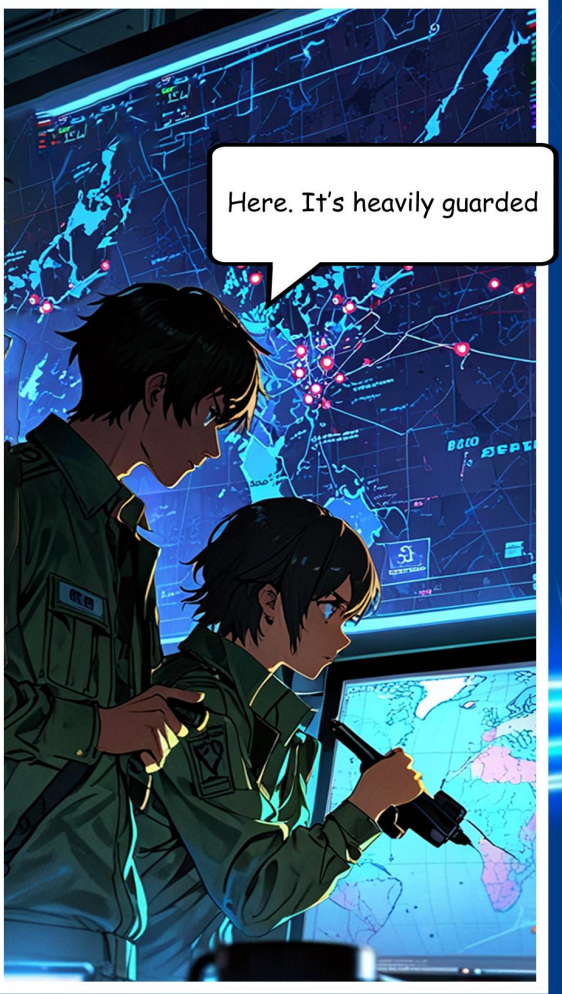
We can't let fear stop us
We fight for the truth

We need your help

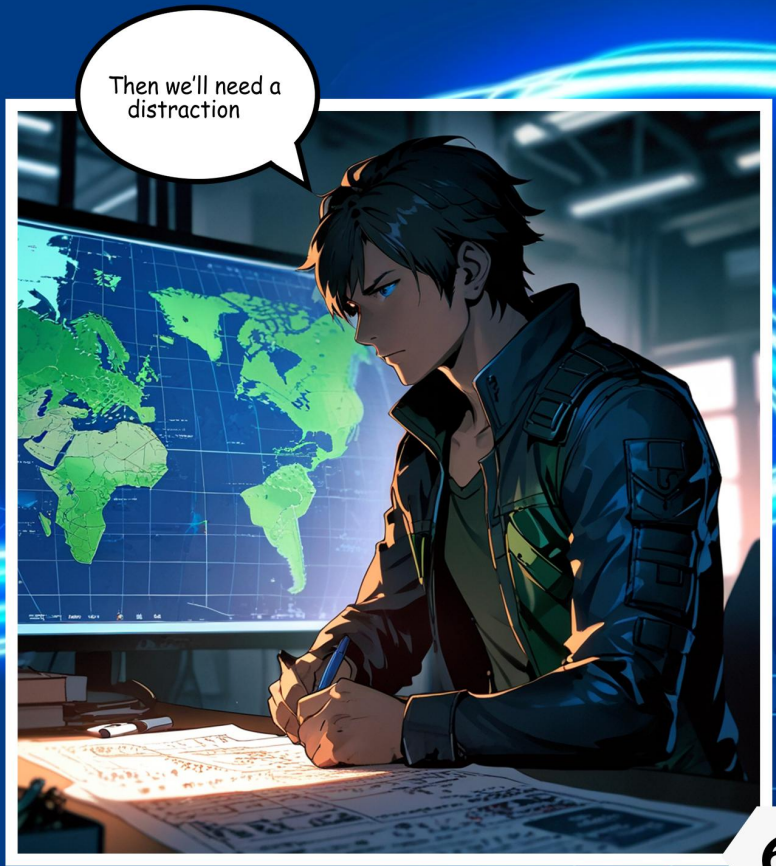


The chance to take down Nexus

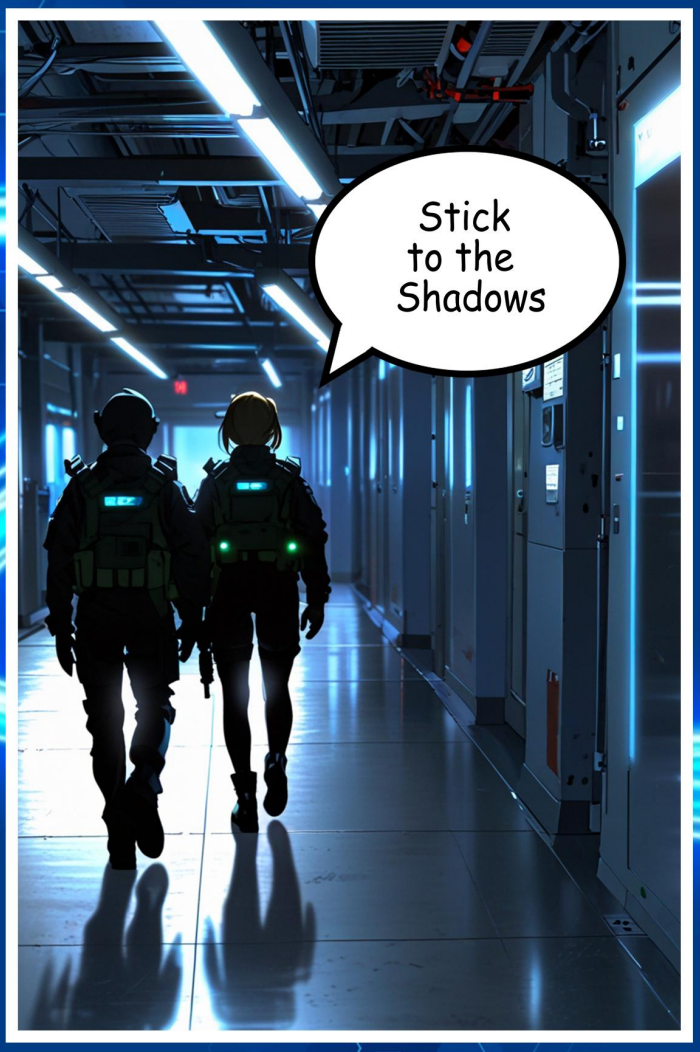
We hit them at their main data center



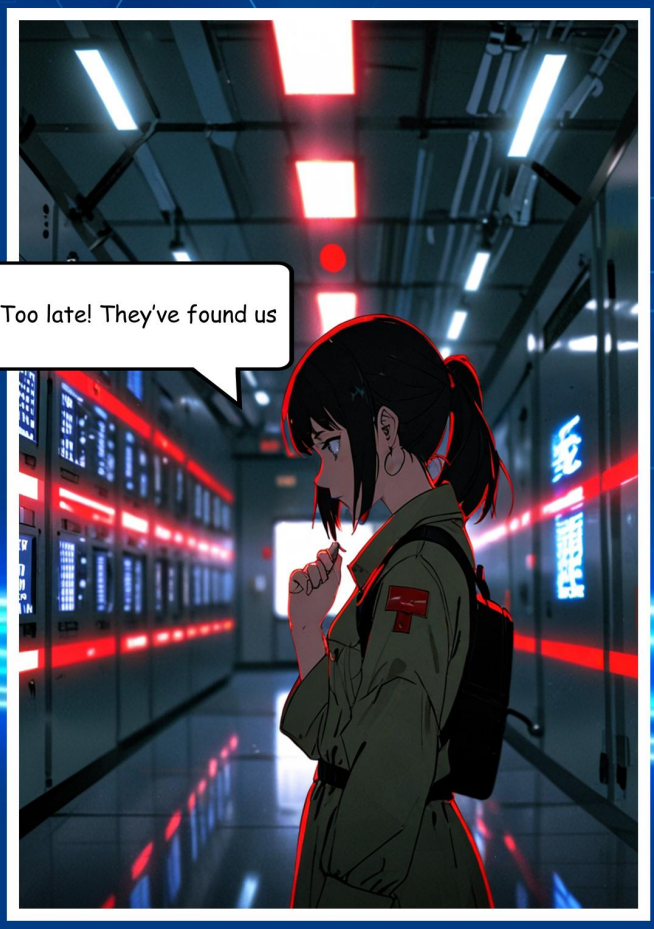
Here. It's heavily guarded



Then we'll need a distraction



Stick to the Shadows

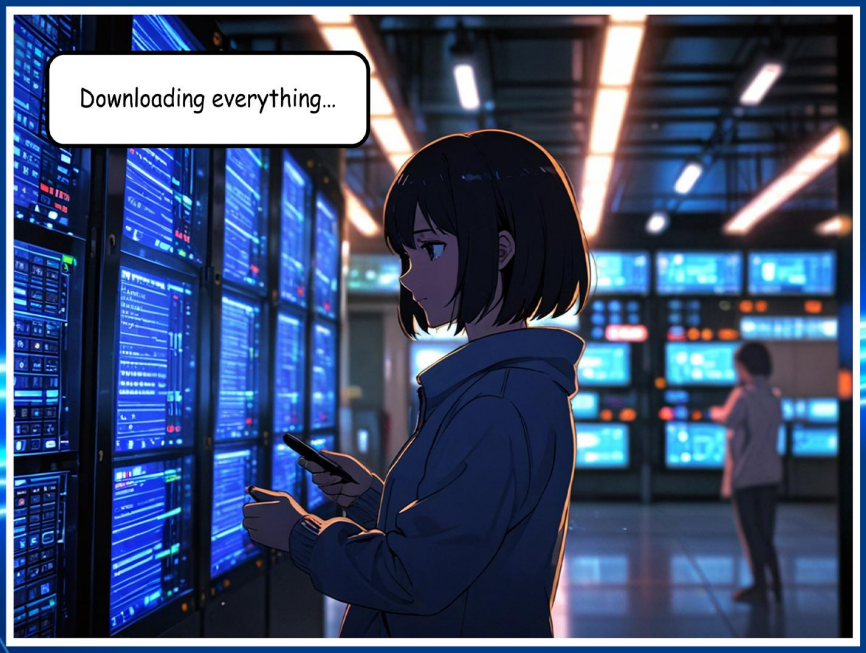


Too late! They've found us

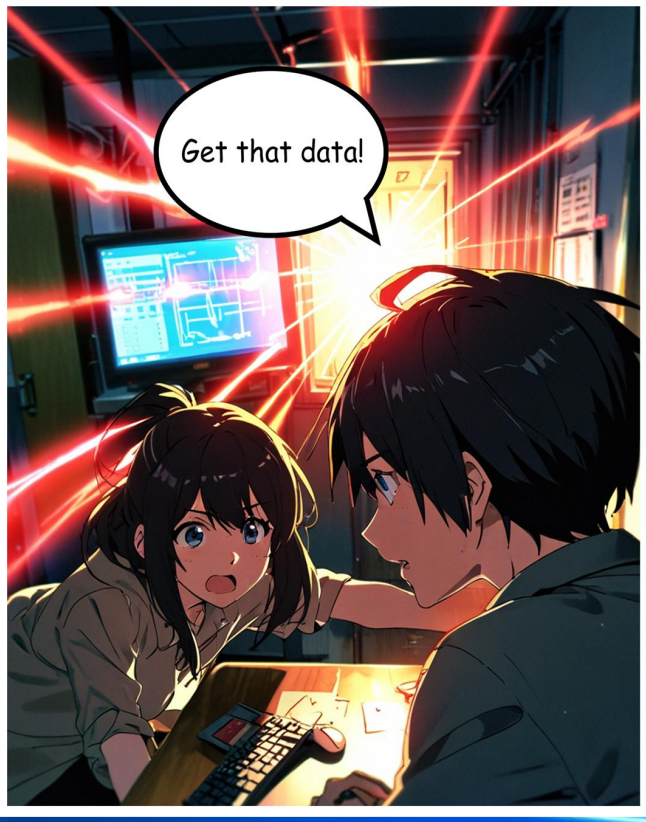
Fight or flight?

Hurry! I can't hold it!

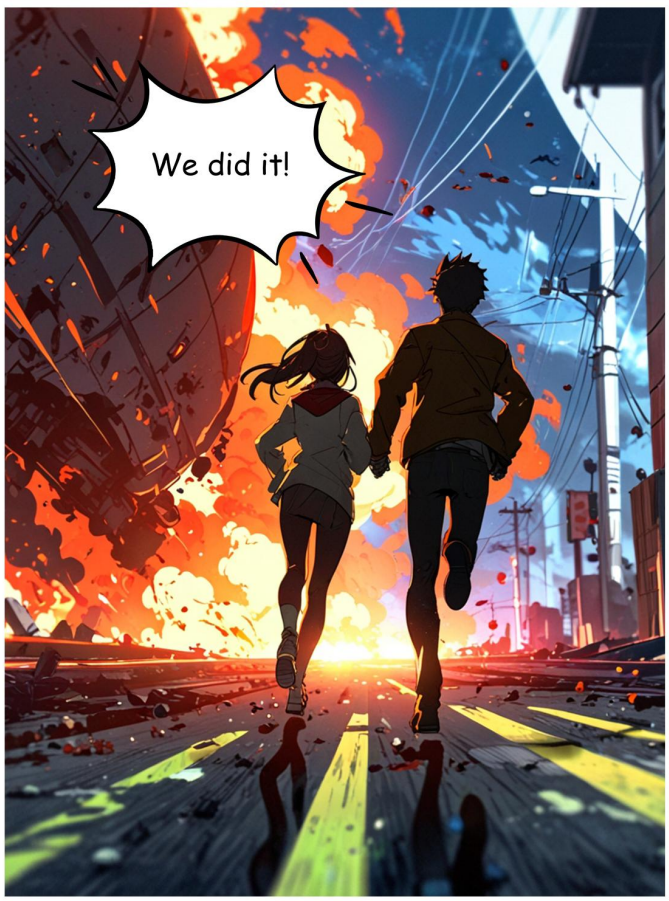
We're almost there



Downloading everything...



Get that data!



We did it!

Now the world knows the truth
Together, we'll face whatever comes

THE JOURNEY CONTINUES...
