

Meri Duniya

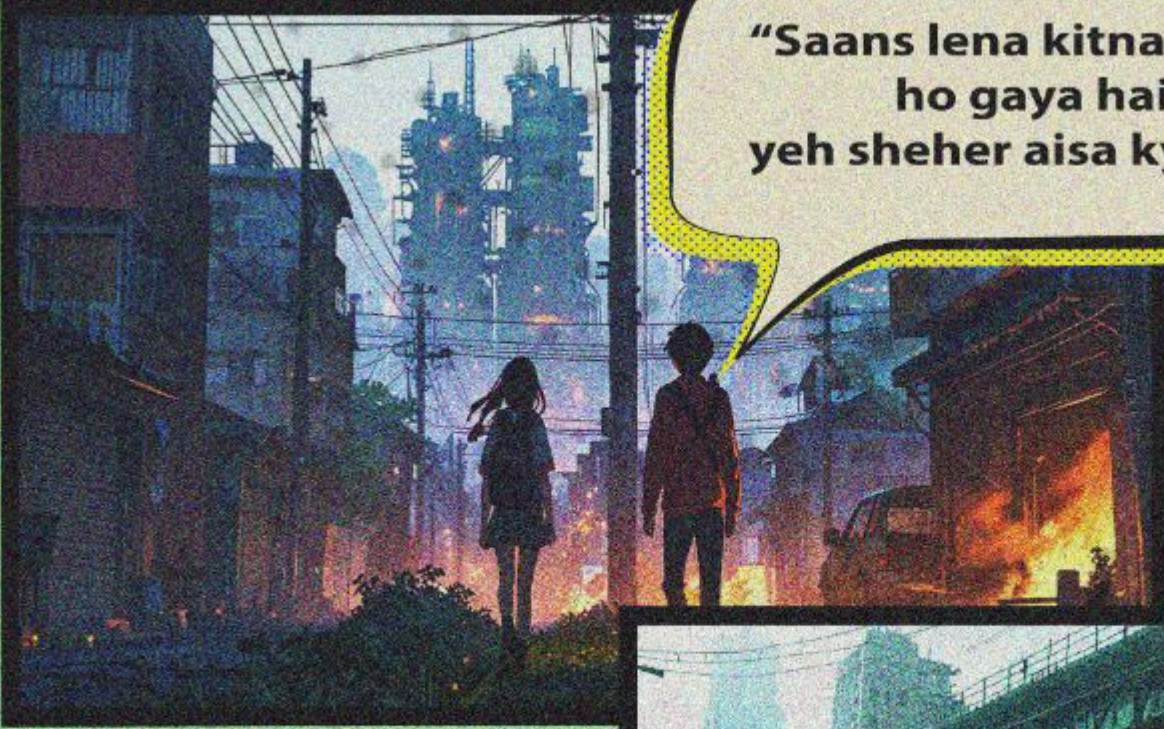

“Shuruaat Tumse, Badlav Hum Sab Mein”

The image is a composite illustration. The top portion shows a city skyline with several tall buildings under a warm, orange and yellow sunset sky. In the foreground of this scene, there are silhouettes of trees and a balcony railing. The bottom portion of the image shows a close-up of a rooftop with several blue solar panels. A large tree trunk is visible on the right side of the frame, and some green foliage is at the bottom right. The overall theme is environmental awareness and sustainable living.

The World We Live In" follows two teens, Aarav and Meera, who realize the environmental destruction around them. Guided by a spirit, Elder Verde, they learn about the consequences of pollution and the importance of small eco-friendly steps. Inspired, they take action and spread the message, bringing positive change to their community.

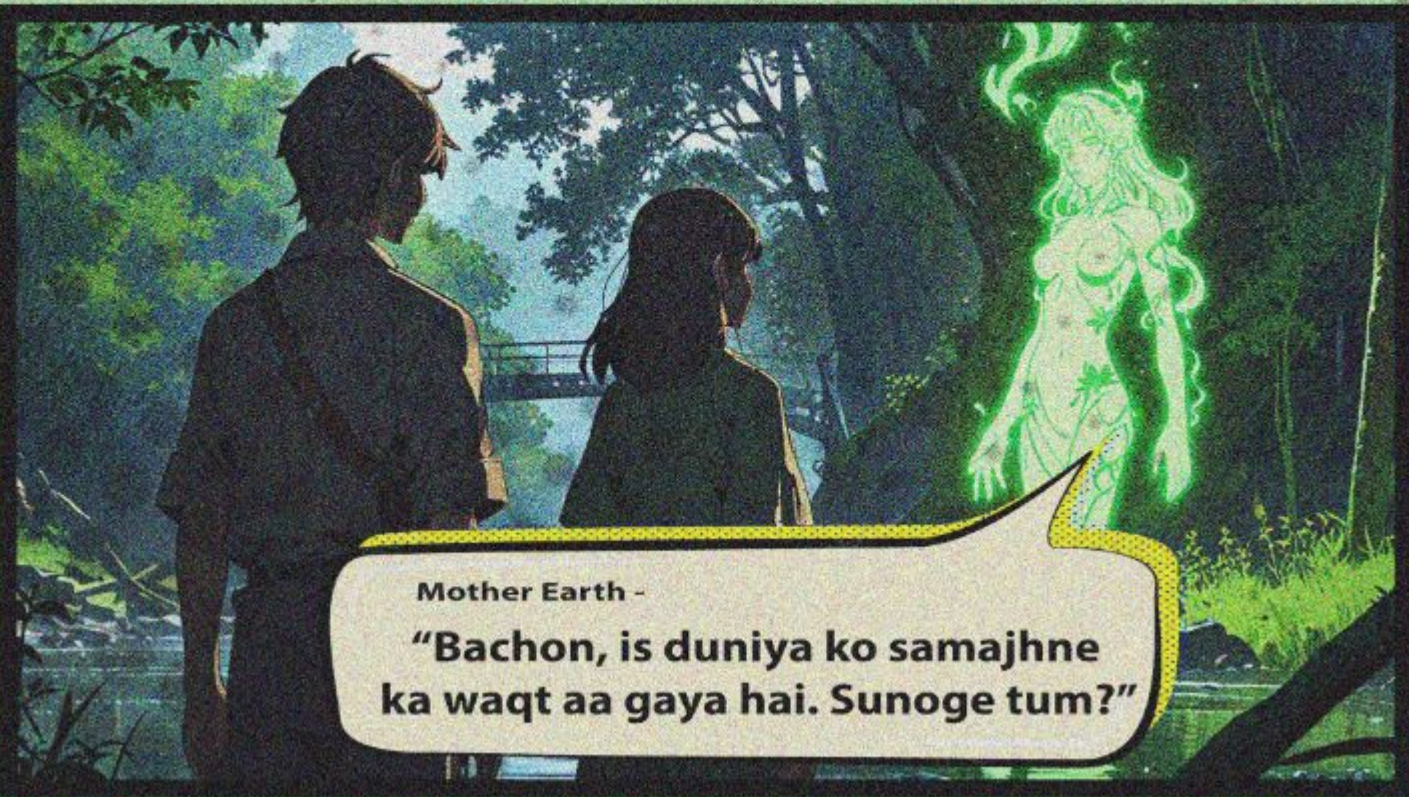

1 - The World We Live In

“Saans lena kitna mushkil ho gaya hai... yeh sheher aisa kyun hai?”

“Dekho yeh nadi... kab itni gandi ho gayi?”

Mother Earth -

“Bachon, is duniya ko samajhne ka waqt aa gaya hai. Sunoge tum?”

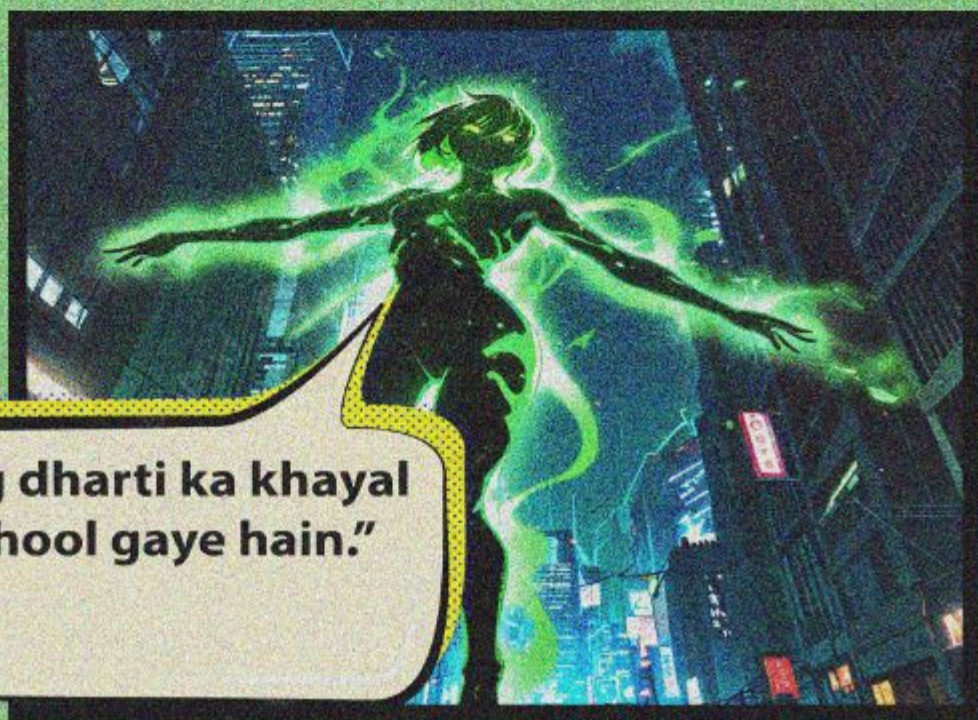

2- Meeting Mother Earth

**"Main hoon Verde,
prakriti ki rakshak.
Tumhari duniya madad
ke liye cheekh rahi hai."**

**"Rakshak?
Yeh sab kuch itna kharab kyun hai?"**

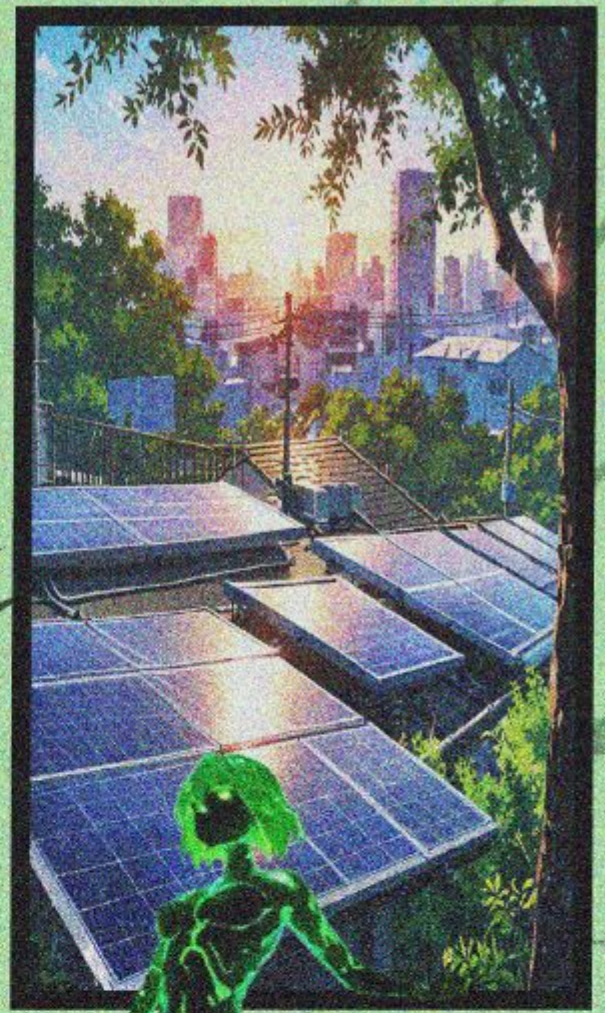

**"Kyonki log dharti ka khayal
rakhna bhool gaye hain."**

3- The Glimps of past

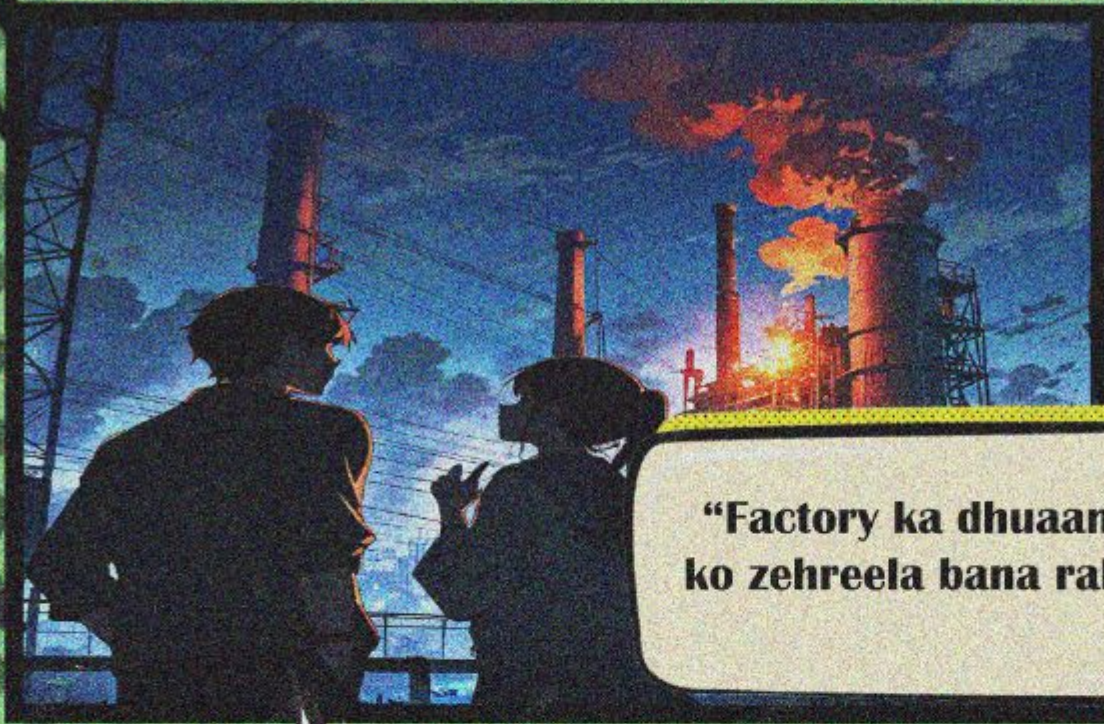

Verde shows a vision of the past,
with clear water and green trees.

“Yeh toh kitna sundar hai! Kya
yeh waapas aisa ho sakta hai?”

“Agar log apna tareeka
badle toh... haan.”

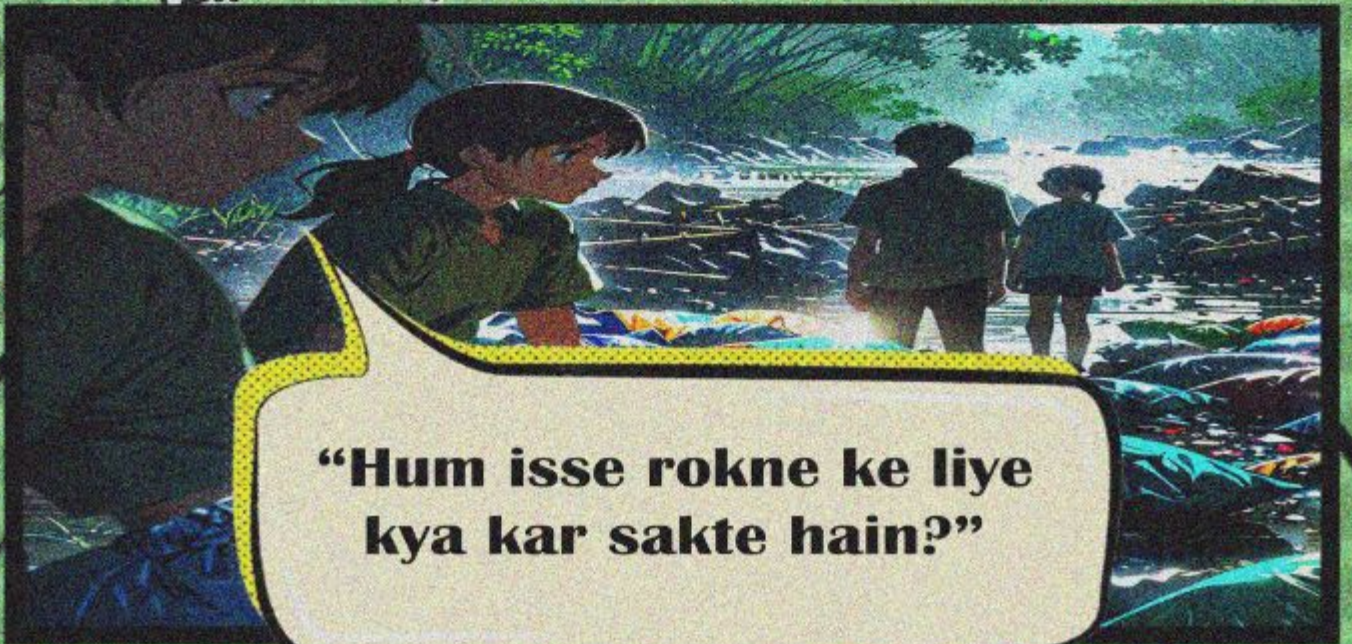

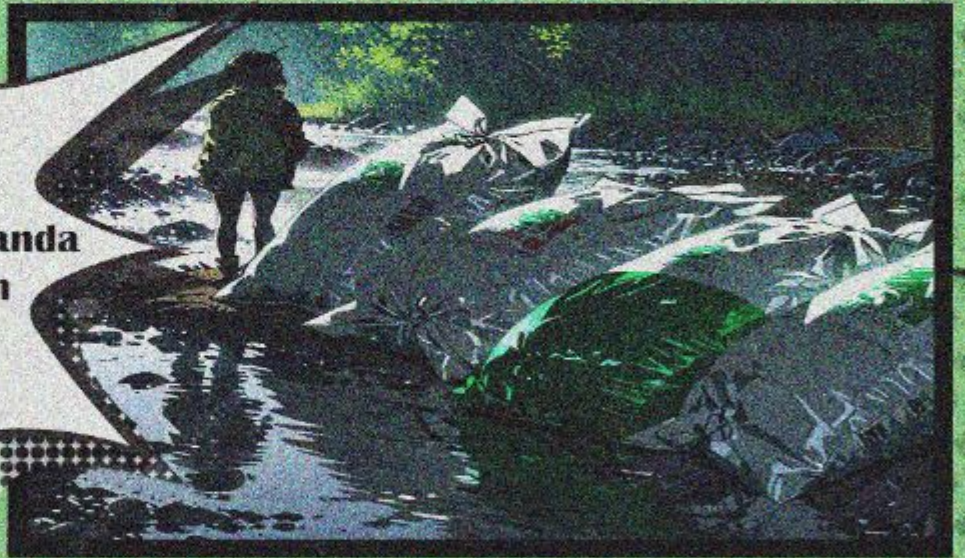

4- Understanding the Impact

“Factory ka dhuaan hawa ko zehreela bana raha hai.”

“Plastic humari nadiyon ko ganda aur jaanwaron ko nuksaan pahuncha raha hai.”

“Hum isse rokne ke liye kya kar sakte hain?”

5 - Small Steps, Big Changes

“Chhote chhote kadam uthao ,
reusable cheezein istemal karo,
plastic se bacho.”

“Har kadam zaroori hai.”

“Hum ye kar sakte hain!
Shuruaat yahi se karte hain, hai na?”

6: Renewable Energy

“Renewable energy istemal karne se pollution kam hota hai.”

“Socho agar har building mein ye lagayein toh?”

“Agar tum sahi raaste chuno toh bhavishya roshni se bhara ho sakta hai.”

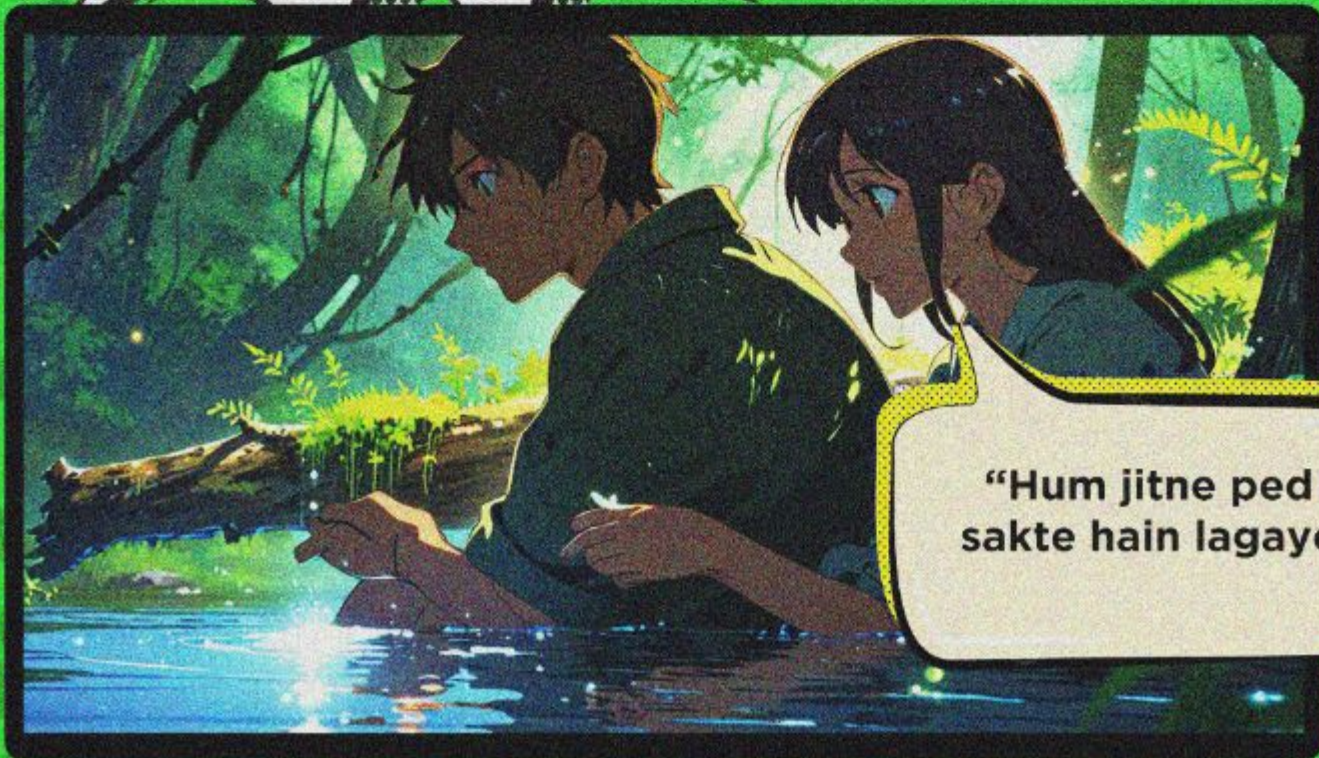

7: The Power of Trees

“Ped lagane se zindagi
waapas aati hai aur
hawa saaf hoti hai.”

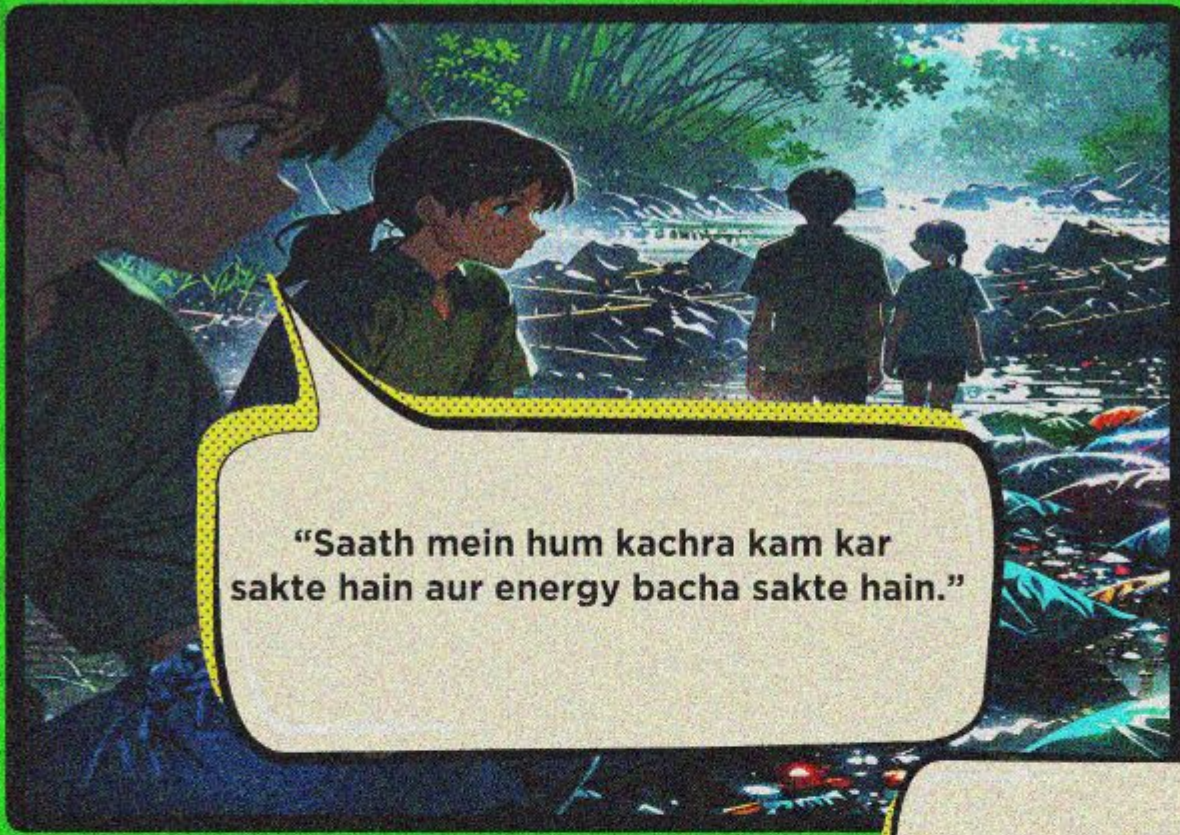

Mother Earth :-

“Tum dharti ko phir se saans
dene mein madad kar rahe ho.”

“Hum jitne ped laga
sakte hain lagayenge.”

8: Spreading the Message

“Saath mein hum kachra kam kar sakte hain aur energy bacha sakte hain.”

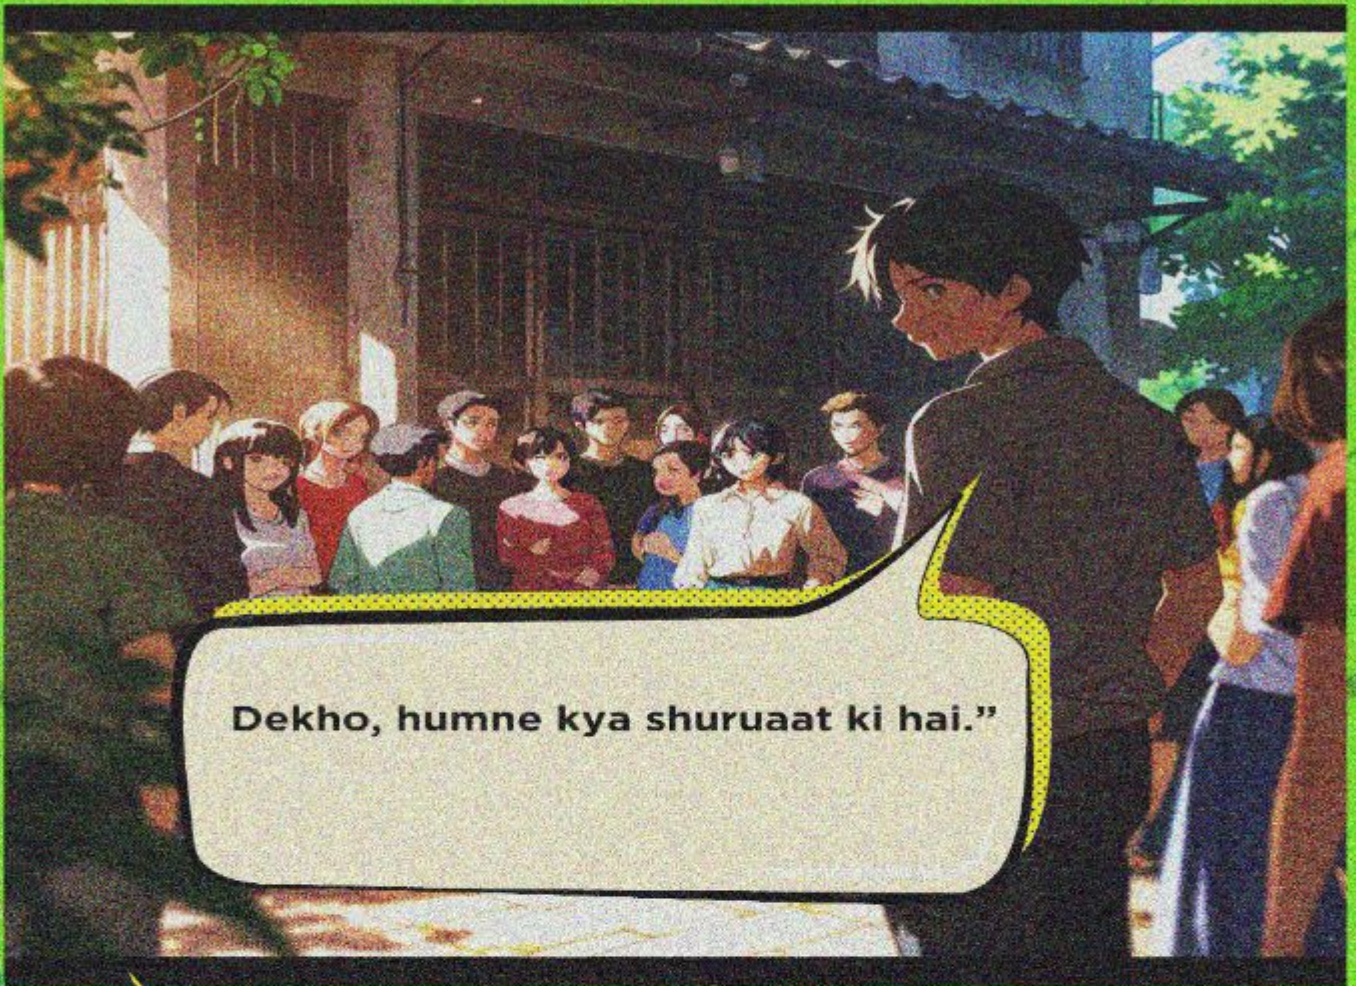

“Chalo apna sheher phir se hara bhara banayein!”

“Dharti ke naye rakshak aa gaye hain.”

9: The Path Forward

Dekho, humne kya shuruaat ki hai.”

**“Yaad rakho,
har kadam maayne rakhta hai.”**

**“Aap bhi farq la sakte hain.
Kya aap bhi is awaaz ka jawab denge?”**

As Aarav and Meera stand at the edge of the now-clear river, they look at their transformed city with pride.

"Chhote kadam, bada farq!" Aarav exclaims, realizing the power of collective action.

Elder Verde smiles from afar, reminding them that this is just the beginning.

"Tumhari koshishon se, meri duniya phir se zinda ho gayi hai.

Kya tum is kahani ka hissa banoge?"

The message echoes, inviting everyone to join in the mission to protect the planet.
